WEEK 11

NAIDOC Week

Triple P Workshop

Monday 24th June

6:30pm - 8:30pm

Students Last Day of Term 2

Friday 28th June

End of the Term

With two weeks left of Term 2, it is a great opportunity to reflect on the successful term that we have experienced at Forrestfield Primary School. As an entire school, we have experienced many successes and made many achievements. Teachers have been committed to introducing and implementing many new teaching practices that are having many benefits to improving student learning and outcomes. We have also celebrated many important events, such as Reconciliation Week, Sorry Day, our first school and interschool Cross Country Carnival, and have our upcoming Winter Carnival and NAIDOC Week celebrations to look forward to.

School returns for students on **Tuesday, 16 July 2024.**

Roof works

Much to everyone's delight the roof works are gradually coming to an end...Yippee!!! We would like to thank all students, staff and parents/carers for their understanding and patience. I think everyone would agree that the school does look a lot better.

I would like to use this opportunity to announce that the next project that we will be looking forward to is improving the drainage of the hardcourt to better ensure that water from rain can move faster towards the large soak wells situated on the oval. This will allow for the school to move forward to finally address the poor standard of the hardcourts at the centre of the school.

P&C

From the students and staff at Forrestfield, we would like to thank the ongoing support of the school's P&C for their fundraising efforts and ongoing dedication. Not only have the students benefited through the canteen, but the money raised has gone towards improving their overall experience at the school.

School Reports

Semester One reports will be sent home with students on **Wednesday, 26 June 2024.** It is important that parents and carers sit with their children and discuss with them to celebrate their achievements and carefully identify areas that they need to improve on. It is recommended that students set themselves goals for them to improve on with their learning, effort, attitude, and behaviour.

Triple P – Positive Parenting Program

A reminder of the exciting opportunity offered from the school for parents and carers to participate in the upcoming workshop that will be held in the library at the school on **Monday, 24 June from 6.30pm to 8.30pm.** The workshop will focus on common challenges many face with children's behaviour and will focus on strategies to help manage unproductive behaviours. To register for the free event, please use this QR code:

Room 4

In Room 4 the students have been busy writing informational texts and observing the changing seasons, both Indigenous and Western. We are currently in the Noongar Season of 'Makuru' represented by the colour dark blue, as it symbolises rain and cold weather. The children are connecting to nature and have noticed the changing autumnal leaves around them, even though we are in Winter or Makuru! They wrote a short piece about the changing seasons and created some illustrations to match. Way to go, Room 4 students.
