### From the Principal

With 2024 rapidly coming to an end, there are some exciting and amazing events coming up. Please ensure to keep an eye out for communications from the school around times and dates. Congratulations to Ms Young and the students who participated in the recent Massed Choir Festival. Our students and staff again did the school proud and looked amazing performing on the big stage at Challenge Stadium. Thanks also to the large number of parents who attended to encourage our students.

Our P&C continues its fantastic work. A canteen continues to be a great service to our students and families and the Colour Run was again a great success. I enjoyed looking at the amazing images, after getting the slime out of my eyes. Teachers are finalising student reports and completing some critical assessments for students so regular attendance is critical, at least the mornings are getting warmer. Please do not hesitate to touch base with any ideas or suggestions you may have and feel free to drop in for a chat anytime.

### Room 3

Room 3 are loving Interm Swimming Lessons! They have been so grateful and excited to be learning such an important skill. We have been doing lots of Brain Breaks, with a class favourite being Just Dance and Beat Saber. In Digital Technologies, we have been using our iPads to create short animations using Scratch Jr. I have been so impressed seeing their creativity shine in their animations. From basketball animations to short stories Room 3 has done it all!
